

# Manomètre Ø63 mm

|                        |           |
|------------------------|-----------|
| Échelle                | bar/MPa   |
| Remplie                | Oui       |
| Liquide de remplissage | glycérine |
| Precision (%)          | 1.6       |
| Taille (mm)            | 63        |
| Filetage               | G 1/4"    |

| Article no | Pression max (Bar) | Pression min (bar) |
|------------|--------------------|--------------------|
| 836000001  | -                  | -1                 |
| 836000002  | 5                  | -1                 |
| 836000003  | 2.5                | -                  |
| 836000004  | 4                  | -                  |
| 836000005  | 3                  | -1                 |
| 836000006  | 6                  | -                  |
| 836000007  | 7                  | -                  |
| 836000008  | 1.5                | -1                 |
| 836000009  | 1                  | -                  |
| 83600001   | 10                 | -                  |
| 836000011  | 1.6                | -                  |
| 836000014  | 15                 | -1                 |
| 836000016  | 16                 | -                  |
| 836000025  | 25                 | -                  |
| 83600004   | 40                 | -                  |
| 83600006   | 60                 | -                  |
| 83600010   | 100                | -                  |
| 836000100  | 1,000              | -                  |
| 83600016   | 160                | -                  |
| 83600025   | 250                | -                  |
| 83600031   | 315                | -                  |

| Article no | Pression max (Bar) | Pression min (bar) |
|------------|--------------------|--------------------|
| 83600040   | 400                | -                  |
| 83600060   | 600                | -                  |
